Dear Ed,

On behalf of the St. Francis College community please allow me to once again express how grateful we are for the generous donation of *Four (4) Art Pieces* that you and Group One choose to share with St. Francis College's 58th Annual Charter Award Dinner.

St. Francis offers a premiere Franciscan education at one of the most affordable private, colleges in the inner city. Students attending the Small College of Big Dreams hail from the metropolitan area and over eighty countries. The college boasts competitive athletics teams, rich cultural clubs and outstanding service opportunities.

The College's leadership is committed to continue the legacy of the Franciscan Brothers of Brooklyn; providing a first-rate academic experience that prepares students to be experts in their respective fields and leaders in their communities. Know that your generosity in supporting our scholarship program makes all this possible.

For this and so much more, we thank you.

Sincerely,

Thomas F. Flood
Vice President for Advancement
